The *Mandatory Code of Practice for the Employment of Children in Entertainment 2014* mandates requirements for the employment of children in entertainment. These requirements may be varied on application in writing.

Variations allowable under the Code are restricted and must fall within particular boundaries. You should familiarise yourself with these (see sections 22, 23, 24 and 25 of the *Mandatory Code*) before considering an application for variation.

A *variation* will only be granted where it can be established that the health, education and moral and material welfare of the child will not suffer as a result of the variation.
